SKILLS

- JavaScript
- HTML, CSS, CSS Modules, Bootstrap
- React
- Node.js
- API configuration
- MongoDB, SQL, Firebase
- Git/GitHub version control
- TDD (Jest, Cucumber)
- Postman

LANGUAGES

- English (native)
- German (B1)

PROJECT EXPERIENCE

My 1980s Movie API

-Built a full-stack movie application which allows users to browse movies, create a profile, log in/out securely create a favourites list, and show director/genre info.

-Created using the MERN stack, JWT authentication, MVC design pattern, and deployed via Heroku.

Meetup App

-Built a serverless, progressive web application which takes info from the Meetup API (and OAuth 2), and displays events in a city of your choice. Created during the Meetup Pro API 30-day trial period, so currently functioning in offline mode.

-Made with React, AWS Lambda, tested extensively with Jest/Enzyme.

WORK EXPERIENCE

May 2017 - now

Grünecker Patent- und Rechtsanwälte, Munich | Formalprozessabteilung Sachbearbeiter / Legal Assistant

-Controlling and coordinating all formal processes relating to industrial designs/trademarks. Reporting on registration, enacting payments, dealing with multiple deadlines, navigating a huge workload.
-Enhanced efficiency by fully-digitising the fee payment/deferment schedule. This made it legible and understandable, aiding in better prioritisation of work and resulting in 100% of all deadlines met.

March 2015 - March 2017

The Keg Bar, Munich | Bar manager

-Hired, trained and motivated staff to cultivate a sense of team and a customer-focused approach, delegated work, accurately planned drink/food orders depending on demand/upcoming events.

August 2008 - June 2014

The Book Centre, Waterford, Ireland | Book department worker, duty/weekend manager

-Analysed inventory and planned accordingly, ordering books for ca. 8 different sections to ensure we always had exactly what the customer wanted before they even knew they wanted it.

EDUCATION

Career Foundry GmbH

Full-Stack Development Certificate, January 2020 - November 2020

-Attained a fluency in Javascript, and subsequently React, React Native and Node.js.
-Built a personal portfolio site from scratch to showcase my work, including: a fully-functional React Native chat app for Android and IOS, several apps employing external APIs (including a Meetup app and a Pokedex clone) and notably an entire full-stack movie app created using the MERN stack and REST.

University College Limerick, Ireland
MA in Music Technology, 2012-2013

-Graduated with a 1.1
-Wrote a peer-reviewed scientific paper on a piece of music I composed and released, based on the voice of author Harlan Ellison ('I Have No Mouth (pts. 1-6) - Introducing Postdigital Spectralism' - Leonardo Music Journal LMJ24 - Dec 2014)

University College Cork, Ireland
BA in English and Sociology, 2000-2003
